Join a World-Class IT Company

experience the commitment

Introducing CGI

An entrepreneurial spirit with impressive resources

CGI is committed to attracting, growing and retaining top talent. Each year, numerous students join CGI in both New Graduate and Co-Op & Internship opportunities. At CGI, we offer graduates the chance to jump start their career, gain real experience and make a difference.

Founded in 1976, CGI is among the most important independent information technology (IT) and business process services firms in the world. CGI and its affiliated companies employ approximately 25.000 professionals and have over 100 offices in 19 countries. Backed by numerous successes, global reach and a solid financial position, CGI has built a reputation for commitment and quality. We have an excellent track record and will continue to grow.

CGI clients around the world gain the advantage of knowledgeable, dedicated partners working to develop and implement IT-oriented solutions for business and technology challenges. That means CGI has all the tools to make the most of your potential.

At CGI, we work together to create an environment where our people come first. We call our employees members to reinforce that all who join our ranks are, as owners, empowered to participate in the challenges and rewards that come from building a world-class company. As one of the largest independent IT and business process services firms in the world, our members are the key element of our continued success, as is our ability to attract and retain high-quality professionals - professionals like you.

In order to help us continue our journey, we are looking for graduates who would like to actively shape our future and who are ready to grow with us.

As a **Junior IT Consultant**, you will work closely with our clients to participate in the analysis, the design and the improvement of their business strategies and information systems.

If you are interested in joining a team of people who share a fascination for creating fine technical solutions, please send your complete set of application documents to the following e-mail address
